Aim - to complete Comic Life activities about summer fun and sun safety
WALT persuade children to make safe, healthy choices related to keeping safe in the sun.
Curriculum English, Health, ICT, The Arts
Competency ‘Contributing & Participating’ ‘Relating to Others’

Lesson Sequence

- ☺ Explanation of task and modelling
- ☺ Children work through an artistic montage of summer fun – this includes digital photography
- ☺ Children create a brochure promoting safety in the sun to take back to their schools
- ☺ Summer shape poem
- ☺ Children complete a PMI chart using Comic Life to evaluate their learning

- ✓ publish and share

Year 4/5 teachers please select your students as a cooperative pair rather than as individuals, as this task relies on their ability to work well with others, also to stay on task and get the job done. It would be good if children have used Comic Life before, but not crucial as we will have some capable helpers there in addition to the teacher.

I am looking for students that are competent users with ICT and are creative thinkers .
When you have selected your participants please see your lead teacher for a permission note to send home.
